50 scholarship tickets

to support equitable access to Explore the Greenway guided recreation experiences

100 community volunteers

engaged in caring for their local landscape by planting trees, removing invasive weeds, and restoring urban parklands

About the Mountains to Sound Greenway National Heritage Area

More than 30 years of collaboration and hard work have tested and strengthened the vision of the Mountains to Sound Greenway. We have proven to this region and the rest of the nation that collaborative conservation, using a broad-based and inclusive coalition, can effect positive change.

Enhancing people's connections to nature drives the Greenway mission. Our coalition of community members, businesses, government agencies, and donors is joined together by the ethos that when we have meaningful connections with our natural surroundings, we are healthier and happier, our communities are stronger and more equitable; our lives are better.

Be Part of the Mountains to Sound Greenway Spring Breakfast!

Each spring, dedicated supporters and people who are brand new to the Mountains to Sound Greenway Trust join together for the Greenway Breakfast. The event brings together a wide variety of guests representing businesses, non-profits, state and local government, recreation groups, and more.

Regional leaders in the community serve as "table captains," helping to fill the event by inviting their friends, colleagues, and anyone else who is interested in learning about the Greenway Trust's work.

Sponsors are recognized prominently throughout the event and in accompanying materials.

We are excited to welcome guests back to Lake Sammamish State Park for an outdoors-focused and family-friendly event. We hope to have you as part of the day!
